## Common questions

### How do I print receipts and payout details for completed reservations?

To print individual receipts for a reservation: Go to the Today tab and click Show all to access your Reservations. Tap Details on the reservation you want. Tap Print to view and print the details of a reservation.

---

### Refund your guest

It can happen to the best of Hosts: The wifi is a no-show, or the hot tub isn't hot. If something gets in the way of your guest's good time, you can send them a full or partial refund before, during, or after their stay. We'll notify them right away, and process the refund within 48 hours. Once you send the money, the transaction is considered final.
